

Research Study

Communicating News of Schizophrenia

Principal Investigator: Dr. Yulia Landa

Location: Icahn School of Medicine at Mount Sinai, Aron Hall, 50 East 98th Street, Suite 1B, New York, NY 10029

Study Description: The project is looking for individuals diagnosed with schizophrenia, and family members of such individuals, to share their past experiences with discussion about the condition with doctors and other mental health professionals. We are also seeking advice about ways we might educate doctors to improve communication with patients and families about their condition. Participation in this study will involve a one-time interview lasting 30-60 minutes.

If you have ever been diagnosed with schizophrenia, or if you are a family member or carer of an individual who has been diagnosed with schizophrenia, and would like to participate in this study, please contact Dr. Yulia Landa or research coordinator, Rachel Jespersen:

Phone: 212-659-5606

Email: yulia.landa@mssm.edu, Rachel.jespersen@mssm.edu

IRB approved 8/10/16-8/9/17
